

## CERTIFICATE OF EMPLOYMENT

I confirm that Mikael Bosund (25.09.1986) carried out his training period from 01.07.2008 to 20.12.2008 at ClockWise B.V.

His job of a graphical designer carried the following responsibilities:

*Conceptual design, graphical design and graphical implementation of several graphics related projects within ClockWise:*

- *Design and implementation of layout of the helpfiles using XML/Stylesheets.*
- *Deliver redesign suggestions for our corporate website.*
- *Design of icons to be used within ClockWise software.*
- *Design of graphical elements in a ClockWise iPhone software client, and Windows software client.*
- *Work on and improve his designer skills using Adobe Photoshop*
- *Other graphics related tasks*

Summary of intern:

*Mr Bosund is a pleasant personality that fitted well within our small corporation. Despite (or thanks to) the lack of specific full time professional designers for guidance within our group, Mikael has shown an independent character with specific personal (professional) goals within his training period. He has shown to be able to function as 'graphics expert' within a project, being able to listen, translate and implement issues expressed on a functional level, into a graphical implementation.*

If there are any further enquiries, please do not hesitate to contact me.
